MONITORING CHILDREN

Sign in and out is required daily. Child's name, time, and parent/guardian signature will be recorded on the daily log. Children must be picked up by a parent/guardian or other individual listed in the registration packet and must be at least 16 years of age. **NO EXCEPTIONS.** The older children may sign themselves out to walk home if the Camp Program Coordinator approves a signed release waiver ahead of time. Arrangements must be made with the parent/guardian. Children will be monitored at all times by Camp Counselors and by the 24-hour security camera.

Upon arrival to JungleQuest, the children must be signed in as noted above. The child then goes to one of the party rooms with other Camp Kids and Camp Counselors. Activities will be held for them or they may go into the Jungle as a group. About 8:30 AM roll call is held and all of the kids are accounted for before leaving for a daily field trip. Returning from all field trips, children will go to one of the party rooms for snacks and afternoon activities.

DROPPING KIDS OFF LATE

If the Camp is on a field trip, parents have the following options:

1. They may drop their child off at the location and check them in with the site coordinator.
2. They can drop their child off at JungleQuest where they will stay until the field trip returns (subject to there being a sufficiently qualified Camp Staff on site at JungleQuest).

PICKING KIDS UP LATE

Please contact us when this situation may occur. Program Director or Program Leader will stay until all children are picked up. **If a child is left past 6:00 PM your account will be assessed an additional \$8 Late Pick-up Fee for every fifteen minutes or portion thereof.** Payment is due at the time of picking up the child(ren). If a child is not picked up by closing, all phone numbers in the child's file are to be called in an attempt to contact parents/guardians. The law requires us to turn children over to local police as an abandoned child when no contact is made to arrange pick-up.

PARENT COMMUNICATIONS

We welcome your constructive feedback, either orally or in writing, in order to improve our program and meet your needs.

Dear parent, your child is enrolled in a childcare program that is licensed by the Colorado Department of Human Services. The license indicates that the program has met the required standards for the operation of a childcare facility. If you have not done so, please ask to see the license. Most license facilities make every effort to provide a safe and healthy environment for children. Unfortunately, on rare occasions, an incident of physical or sexual abuse may occur. If you believe that your child has been abused, you should seek immediate assistance from your county department of Social Services. Many states legally require that childcare providers report all known or suspected cases of child abuse or neglect.

Childcare services play an important role in supporting families, and strong families are the basis of a thriving community. Your child's education, physical, emotional, and social development are nurtured in a well-planned and well-run program. Remember to observe the program regularly, especially with regard to children's health and safety, equipment and play materials, and staff. For additional information regarding licensing, or if you have concerns about a child care facility, please consult your state's Office of Child Care Services.
